Lash extensions lengthen and thicken natural lashes, lift and open the eye, and cancel the need for mascara. You will wake up with your lashes looking long, lush, curled and beautiful! They are applied one-by-one by Talya, a licensed Aesthetician, certified NovaLash classic stylist, certified NovaLash American Volume artist and certified Eyelash Excellence Russian Volume Artist. Talya was chosen by NovaLash as one of their top 18 global Brand Ambassadors for 2017.

Lash extensions are a luxury and therefore only the best products are used. Every client receives a customized look to match their style, lifestyle, their eye shape and their natural eyelash. Various lengths, thicknesses, curls and styles are incorporated into every set with no extra charge.

Lash extensions are perfect for brides, special occasions, and for any client looking to enhance their natural appearance.

The procedure is non invasive, painless, and relaxing to where clients fall asleep. A full set takes 2 hours, fills take 1 hour and are scheduled every 2-4 weeks to maintain full, beautiful lashes.
